Summary of pertinent information: Town: Installation: Comment:

December 1948

Troop camp of 25 cantonment buildings, stables and garages located 1.25 miles southwest of RAREK (see Annex 1). Occupied by 2,000 infantry & tank troops (25 "T34" tanks & about 20 small tanks) after the summer of 1948.

RAREK Troop camp & (76/J 29) troop training grounds

The pinpoint location of the troop training grounds with cantonment cannot be determined. The training grounds is assumed to be located between the towns of RAREK & PLANINA.

May 1947

Cantonment of 35 to 40 cantonment buildings located 1.5 miles northwest of RAREK.

March 1948

Large troop training grounds located between the RR stations of RAREK and PLANINA.

September 1945

Barracks of brick-buildings (partly destroyed), occupied by motorized artillery, located on the northeastern outskirts of POSTUMIA (see Annex 2)

POSTUMIA Barracks (76/J-18)

The units observed in POSTUMIA in 1947 were probably assigned to the 1st Inf Div.

June 1947

Two adjacent barracks buildings repaired until June 1947. Artillery barracks occupied by one horse-drawn artillery battalion (75-mm guns). Infantry Barracks occupied by one infantry battalion (German rifles, Soviet machine guns and heavy mortars).

Summer 1948

Tank Barracks of brick-buildings with gabled roofs (see Annex 3). Barracks occupied by six tank companies with 35 "T 34" tanks and 40 to 50 trucks ("ZIS", Ford, Fiat).

VRHNIKA Tank Barracks (76/D-20)

This tank unit was presumably assigned to the 1st Tank Div which was located in KRAT in 1947.

Summary of pertinent information: Town: Installation: Comment:

July 1947

Barracks, occupied by:
Two infantry companies
with German and Soviet infantry
weapons and with pack animals
One motor transport company

MOHTENEVO Barracks
(76/D 00)

12 of the units located in
the AIDUSSINA area (see
Annex 4)

August 1947

Barracks and cantonment (see
Annex 5). 40 to 45 cantonment
buildings were to be con-
structed. Barracks were to be
occupied by border guard
troops.

NOJSTRANA Barracks and
(76/C 96) cantonment

April 1947

Cantonment, covering an area of
3,300x2,000 feet, located north-
west of CRNCHILJ, comprising
30 cantonment buildings, 25
stables and 25 garages. About
1,000 infantry troops were lo-
cated there. Training area north-
west of the cantonment.

CRNCHILJ Cantonment
(Y 2/J 96)

August 1947

Concrete bunkers, echeloned in
depths up to 3,300 feet along the
Yugoslav-Austrian border, com-
prising: large bunkers with 24
troops and 75 or 76.2-mm anti-
tank guns, small bunkers, 23 feet
diameter and 13 feet high. Mines
between the bunkers, which were
from 1,000 to 1,300 feet apart.

Area north Border Forti-
of the JES- fications
SENICE-MOJ-
STRANA line
(76/D 06)
(76/C 90)

August 1947

Seven concrete bunkers, 23 feet in diameter and 13 feet high, in the woods east and west of AIDUSSINA. Bunkers were about 650 feet apart and connected by communication trenches. Eight infantrymen and one former German infantry gun in each bunker.

Summary of pertinent information: Town: Installation: Comment:

June 1946

Former PW camp, occupied by an artillery unit of 500 troops. Six Soviet guns of about 100-mm caliber were observed there.

RIBNICA Troop camp
(Y 2/J 58)

1946

Three cantonment buildings, located 2,000 feet west of the DREBOVICA station, filled with captured infantry weapons, captured signal equipment, and motor vehicle spare parts. The installation included a motor vehicle repairshop. Weapons repaired in the depot were issued to a "KNOJ" division.

DREBOVICA Ordnance and
(76/D 31) equipment depot

June 1947

Barracks of seven buildings located about 2,600 feet northeast of BOHINSKA. Stables were under construction. Barracks were occupied by infantry troops.

BOHINSKA Barracks
(76/D 05)

November 1948

Antiaircraft equipment and ammunition dump located about 2 to 2.5 miles southeast of KRANJ (see Annex 6). The dump has one storage building with 88-mm antiaircraft ammunition, three storage buildings with guns and special vehicles, piles of ammunition and gasoline barrels.

Summary of pertinent information: Town: Installation: Comment:

1946

Old barracks with tank garages on JORDANI- Barracks
the southern town border of MUCICI, MUCICI
occupied by a tank unit. (136/J-24)

September 1948

Small barracks with tank garages on
the northern town border of JUR-
DANI (see Annex 9)

November 1948

Port installations (see Annex 10) POLA (136/ Port
Naval barracks housing a naval E 88)
officers' school. Four harbor
defense boats, 4 small mine
sweepers, 2 former German sub-
marines, 1 destroyer (two 88-mm
guns and 20-mm guns) were ob-
served in the port.

September 1948

Concrete bunkers on the slopes west of the road. Troops prac-
ticed in the bunker line during
the summer of 1948. Former German
and Italian fortifications had
been destroyed. Coastal Fortifications
road from
ABBASIA
to FIANONA
(136/J 23)

End of 1947

Former Italian troop camp (see
Annex 11), enlarged up to Decem-
ber 1947, comprising 20 to 30
cantonment buildings, further-
more stables and garages. Camp
was occupied by at least one
infantry regiment in 1947 and
by horse-drawn antitank units
with 20 to 25 light antitank
guns in July 1948. Cantonment
buildings were under construc-
tion in a woods south of the
town.

ECVC MB3TO Troop camp From other
(42/J 99) information
a large
troop camp
with an as-
sumed capa-
city of one
or two in-
fantry regi-
ments was
known to be
located near
ECVC MB3TO.

25X1

Summer 1948

Barracks and cantonment presumably SKOFJA Barracks
located east of the town. Canton- LOKA 3 canton-
ment until June 1948 occupied by (76/D 23) ment

the 2d Tank Brig of the First Army. The brigade with three tank battalions and one armored infantry battalion (infantry mounting tanks).

The brigade numbered 2,300 troops and was equipped with 86 "T 34" tanks, 6 "Stuart" tanks and 60 "Skoda" trucks.

The brigade was transferred to a tent camp near MLADENOVAC (Y 27/D 47) in June 1948.

the 2d Tank Brig was assigned to the 1st Tank Div, LOKA, in 1948. The transfer of this division to the BELGRADE area was partially confirmed by the reporting PW. The tank brigade was presumably assigned to the First Tank Army.

Probably one motorized infantry brigade.

Barracks were occupied by about 1,000 motorized infantry troops, equipped with 40 trucks, 20 British 60 to 70-mm antitank guns, 4 twin-barreled antiaircraft guns, Soviet 120-mm mortars and one rocket launcher.

December 1948

Barracks were occupied by the 2d Mtz Brig, equipped with 8 50-mm antitank guns and 25 to 30 trucks.
